Business Description: HTS serves as a prime contractor, contract manufacturer and distributor to Federal, State and Local government and commercial companies. HTS utilizes its status as a SDVOSB distributor and dealer organization to team with a diverse supplier base of high-quality manufacturers and distributors to provide an array of Manufactured parts and components, Vehicular parts, Aviation parts, Tactical Gear and finished medical and non-medical products. **HTS is pleased to announce that we teamed with UNICOR (Federal Prison Industries), as a contract manufacturer, supplier, subcontractor and *Mandatory Source for DOD and Civilian Agency buys.**

While we specialize in the government SDVOSB and small business set-aside market buys, we have a proven track record and demonstrated ability to provide quality service and delivery in all acquisition categories. We in-source Contract Management, Wide Area Work Flow requirements and team with our trusted suppliers to provide manufacturing and packaging. Working together we can ensure that all materials meet and exceed quality requirements and are delivered on time. **HTS' core products and capabilities include:**

- **Prime Contractor and Distributor:** Tactical Gear and Equipment, Metals Manufactured End Products; *Electrical Generators and Generator Sets (Power Distribution Units); *Rechargeable Batteries; *Misc Electric Power and Distribution Equipment; *Misc Battery Retaining Fixtures; Textiles; *Electronic Cable Assemblies; HVAC Air Filter Products; *Cable and Wire Harnesses; *Wire Harnesses and Harness Assemblies; Electronic Recycling, Medical, Dental, Hospital Equipment and Supplies, Engine Air and Oil Filters, Strainers, and Cleaners, Nonaircraft
- **Temporary Consulting and Technical Staffing:** HTS provides staff resources for specific functions: Technology, Project Management, Procurement, Logistics
